Smallpox Response Plan  
29 September 2002

Unclassified

**Summary.** This publication provides implementing instructions to Department of Defense activities to prepare for and respond to a smallpox outbreak. This document amplifies and implements the Smallpox Response Plan & Guidelines issued by the Centers for Disease Control & Prevention (CDC). This DoD Smallpox Response Plan provides for response to smallpox outbreaks on military installations and contingency operations around the world, as well as military support to civil authorities. This publication applies to uniformed departments of the Air Force, Army, Navy, Marine Corps, and Coast Guard (Active and Reserve), nonmilitary persons under military jurisdiction, selected Federal employees, and family members and other people eligible for care within the military health care system. Technical revisions will be issued by DASG-HCA. Send comments and suggested improvements to DASG-HCA, 5111 Leesburg Pike, Suite 401, Falls Church, VA 22041.
